### ***Bell at the End of the Period:***

The bell to end classes is a signal to the teacher, not the students, to dismiss class. Do not allow students to dismiss themselves. Be sure that each class leaves the room in good order without litter on the floor. Teachers should make any necessary preparation for dismissing-such as making assignments, making announcements, and cleanup before the end of class so that students will have an adequate amount of time to reach the next class. At NO time should students be allowed to line up at the door to wait for the dismissal bell (this includes lunch waves).
